

DIRT & NEGLECT

are the top causes of heating and cooling system inefficiency and failure. To ensure energy efficient system operation, it is important to perform routine maintenance. Proper maintenance by a qualified technician is one of the most important steps you can take to prevent future problems.

LEGACY MECHANICAL SERVICES

PROTECTION PLAN

Key Benefits of Regular Maintenance Include:

- Prolonged equipment efficiency
- Promotes healthy clean air
- Supports lower utility costs
- Guards against unexpected failures
- Prolongs equipment life

100% SATISFACTION GUARANTEED

Your technician will be professional, uniformed and qualified to work on your equipment. We will take extra ordinary care in your home. We will provide you with a written quote for repairs before we start any work.

Our technicians will follow a stringent quality assurance task list to ensure a complete and thorough service each and every time.

LEGACY MECHANICAL SERVICES is focused on providing the highest level of service with a focus on earning referrals from our satisfied clients.

Lennox, along with most quality manufacturers, now require regular maintenance on their home comfort products as part of the warranty. All of our plans will fulfill this important warranty requirement. In addition, regular maintenance will extend the life of your equipment and help eliminate major costly repairs by recognizing and making corrections before they happen. Best of all, a Legacy Mechanical Services Protection Plan will keep your family safe and comfortable all year long, and relax because we call you to schedule your maintenance.

The most expensive investment in your home is in the care of responsible experts who set the standard of excellence for our industry by following National Standards for service and training.

Our maintenance plans follow Energy Star Recommendations along with National Standards for residential maintenance.

We look forward to serving you!

This agreement has a term of one year. To assure continued protection and convenience, the agreement will automatically renew at the end of the 12 months. Either party may cancel this agreement by giving written notice to the other. In the event you wish to cancel this agreement prior to an anniversary date, you will be charged non-discounted labor rates and materials for any and all service rendered from the previous anniversary date. Monthly payments you have made will be applied against this amount and you will be responsible for paying any difference. Preventative maintenance covered under this agreement will be provided during normal business hours.

Remember, regular maintenance is required by most of today's quality heating and air conditioning manufacturers as part of their warranty program.
